

Team Leader Meeting Summary March 30, 2009

- Accountability and Oversight report?
- Kim Allen presented an updated on competitive grants including the number of concept papers and grant applications that are currently in process.
- Members received a presentation on a new chart to be included on the Louisville at Work website. The chart is similar to one being utilized by state government and provides an overview of overall funding by Work Team.
- Since Metro Public Works and Assets will be assuming the new contractual responsibility for maintaining state roads and will need to hire additional personnel, members discussed the possibility of working jointly with the Workforce Team to provide training or assistance in identifying potential candidates for the positions.
- Bill Hornig suggested that any new hires made with stimulus funding be identified as such on the internal Metro paperwork. Individuals hired under this funding will need to be advised that the funding may lapse in two years.
- Progress reports were presented by each of the Work Teams.
